

Project Architect - Revit Specialist

At Brock Carmichael, we pride ourselves on providing exceptional design solutions and technical expertise to all our clients. With over 50 years of experience across a wide range of sectors, we combine insight, creativity, and efficiency to deliver the highest standards of service.

We are seeking a talented Project Architect who is highly proficient in Revit to join our dynamic team. The ideal candidate will have a proven track record of delivering medium to high-value projects using Revit and a comprehensive understanding of architectural principles.

This role involves collaborating closely with clients, consultants, and multidisciplinary teams to ensure projects are designed, documented, and delivered to the highest quality.

What's On Offer

- Competitive salary
- Holiday allowance/Birthday Holiday/Long Service Reward
- Excellent career progression with enhanced study-funded opportunities
- Exposure to a diverse range of exciting, high-value projects
- A vibrant, creative, and supportive working environment
- Mentoring scheme from the Partners
- Employee Assistance Programme
- Early Finish Friday
- Company days out

What You'll Be Doing

- Delivering projects from concept to completion using Revit as the primary design and documentation tool.
- Producing high-quality Revit models, technical drawings, and specifications.
- Coordinating with multidisciplinary teams and ensuring Revit models are fully integrated.
- Managing project timelines, and compliance with industry standards and regulations.
- Engaging with clients and consultants to ensure project success.

What We're Looking For

- Strong project-running experience.
- Proven proficiency in Revit, demonstrated through medium to high-value project delivery.
- Strong design and technical skills, with the ability to translate concepts into coordinated Revit models.
- Experience across multiple sectors is advantageous.
- Excellent communication and collaboration skills.
- A proactive and detail-oriented approach.

Skills & Knowledge

- Client relationship orientated
- Brief analysis and development
- Revit design knowledge and technical delivery
- Team player and collaborative
- Project time management focussed
- Sharing and developing specialist knowledge within the practice

If you're passionate about delivering exceptional architecture and want to be part of a forward-thinking, design-led practice, we'd love to hear from you.
